Title: Chief Financial Officer

Verra Mobility Announces Second Quarter 2020 Financial Results

Total year-to-date revenue of \$196.5 million

Generated cash flows from operations of \$22.5 million

Mesa, AZ, August 6, 2020 – Verra Mobility (NASDAQ: VRRM), a leading provider of smart mobility technology solutions, announced today financial results for the three and six months ended June 30, 2020.

“Verra Mobility reported a solid quarter and we are pleased with our execution given the challenging environment. During one of the most difficult quarters in our history, we still provided robust adjusted EBITDA and positive free cash flow,” said David Roberts, Chief Executive Officer, Verra Mobility. “Although the near-term business environment is uncertain, we believe our balanced product portfolio provides stability in these uncertain times, and our longer-term growth initiatives give us confidence in our future as a global leader in smart transportation.”

Second Quarter 2020 Financial Highlights

- **Revenue:** Total revenue for the second quarter of 2020 was \$79.8 million, down 27.2% compared to \$109.6 million for the second quarter of 2019. Within total revenue, service revenue was \$62.8 million and product sales contributed \$17.0 million. The decline was in our service revenue, due to the significant impact of the novel coronavirus (“COVID-19”) on the rental car industry, which was partially offset by growth in product sales.
- **Net (loss) income:** Net loss for the second quarter of 2020 was \$(15.4) million, or \$(0.10) per share, based on 161.7 million diluted weighted average shares outstanding. Net income for the comparable 2019 period was \$3.6 million, or \$0.02 per share, based on 162.0 million diluted weighted average shares outstanding.
- **Adjusted EBITDA:** Adjusted EBITDA was \$27.6 million for the second quarter of 2020, compared to \$59.7 million in the same period last year.

First Half of 2020 Financial Highlights

- **Revenue:** Total revenue for the first half of 2020 was \$196.5 million, down 5.5% compared to \$208.0 million for the first half of 2019. Within total revenue, service revenue was \$162.3 million and product sales contributed \$34.2 million. The decline was in our service revenue, due to COVID-19’s significant negative impact on the rental car industry, which was partially offset by growth in product sales.
- **Net (loss) income:** Net loss for the first half of 2020 was \$(8.7) million, or \$(0.05) per share, based on 161.3 million diluted weighted average shares outstanding. Net income for the comparable 2019 period was \$6.4 million, or \$0.04 per share, based on 159.2 million diluted weighted average shares outstanding.
- **Adjusted EBITDA:** Adjusted EBITDA was \$82.5 million for the first half of 2020, compared to \$110.9 million in the first six months of 2019.

Liquidity: As of June 30, 2020, cash and cash equivalents was \$113.2 million. We generated \$22.5 million in net cash from operations for the first half of 2020. As of June 30, 2020, we had total debt of \$870.2 million, net of cash on hand our net debt was \$757.0 million, and a \$75 million revolver that is undrawn.

The operating results for the first half of 2020 were impacted by COVID-19, which emerged in late 2019 in China and has since spread throughout the world. COVID-19 has had and continues to have a significant negative impact on the global economy, including the rental car industry due to reduced airline travel and widespread travel restrictions and lockdown orders throughout the world. Refer to the section below entitled, *Forward Looking Statements*, for further discussion on risks and uncertainties.

The Company reports its results of operations based on two operating segments:

- **Commercial Services** delivers market-leading automated toll and violations management and title and registration solutions to rental car companies, fleet management companies and other large fleet owners.
- **Government Solutions** delivers market-leading automated safety solutions to municipalities and school districts, including services and technology that enable photo enforcement related to red-light, speed, school bus, and city bus lanes.

Second Quarter 2020 Segment Detail

- Commercial Services segment generated total revenue of \$27.3 million, a decrease of 60% compared to the same period in 2019. Segment profit was \$7.2 million, a 84% decrease from \$44.1 million in the prior year. The significant decreases in revenue and profit resulted from COVID-19's negative impact on the rental car industry discussed above, the full impact of which is not yet known. Segment profit margin was 26% for 2020 and 65% for the same period in 2019.
- Government Solutions segment generated total revenue of \$52.5 million growing 27% over the same period in 2019. The growth in this segment is driven by product sales in the current period which totaled \$17.0 million. Segment profit was \$20.3 million, a 31% increase from \$15.5 million in the prior year. Segment margin was 39% in 2020 compared to 38% for the prior year period.

Forward-Looking Statements

This press release contains forward-looking statements which address the Company's expected future business and financial performance, and may contain words such as "goal," "target," "future," "estimate," "expect," "anticipate," "intend," "plan," "believe," "seek," "project," "may," "should," "will" or similar expressions. Examples of forward-looking statements include, among others, statements regarding the benefits of the Company's strategic acquisitions, changes in the market for our products and services, expected operating results, such as revenue growth, expansion plans and opportunities, and earnings guidance related to 2020 financial and operational metrics. Forward-looking statements involve risks and uncertainties that could cause actual results to differ materially from those currently anticipated. A number of factors could cause actual results or outcomes to differ materially from those indicated by such forward looking statements. These factors include, but are not limited to: (1) the disruption to our business and results of operations as a result of the COVID-19 pandemic; (2) the impact of the COVID-19 pandemic on our revenues from key customers in the rental car industry and from photo enforcement programs; (3) customer concentration in our Commercial Services and Government Solutions segments; (4) decreases in the prevalence of automated photo enforcement or the use of tolling; (5) risks and uncertainties related to our government contracts, including but not limited to legislative changes, termination rights, audits and investigations; (6) decreased interest in outsourcing from our customers; (7) our ability to properly perform under our contracts and otherwise satisfy our customers; (8) our ability to compete in a highly competitive and rapidly evolving market; (9) our ability to keep up with technological developments and changing customer preferences; (10) the success of our new products and changes to existing products and services; (11) our ability to successfully integrate our recent or future acquisitions; (12) failures in or breaches of our networks or systems, including as a result of cyber-attacks; and (13) other risks and uncertainties indicated from time to time in documents filed or to be filed with the Securities and Exchange Commission (the "SEC") by Verra Mobility. The forward-looking statements herein represent the judgment of the Company, as of the date of this release, and Verra Mobility disclaims any intent or obligation to update forward-looking statements. This press release should be read in conjunction with the information included in the Company's other press releases, reports and other filings with the SEC. Understanding the information contained in these filings is important in order to fully understand the Company's reported financial results and our business outlook for future periods.

Non-GAAP Financial Measures

In addition to disclosing financial results that are determined in accordance with U.S. generally accepted accounting principles ("GAAP"), the Company also discloses certain non-GAAP financial information in this press release. These financial measures are not recognized measures under GAAP and are not intended to be and should not be considered in isolation or as a substitute for, or superior to, the financial information prepared and presented in accordance with GAAP. EBITDA, Adjusted EBITDA, Adjusted EBITDA margin, Free Cash Flow, Adjusted Net Income and Adjusted EPS are non-GAAP financial measures as defined by SEC rules. These non-GAAP financial measures may be determined or calculated differently by other companies. Reconciliations of these non-GAAP measurements to the most directly comparable GAAP financial measurements have been provided in the financial statement tables included in this press release, and investors are encouraged to review the reconciliations.

EBITDA and Adjusted EBITDA

We define EBITDA as net (loss) income adjusted to exclude interest expense, net, income taxes, depreciation and amortization. Adjusted EBITDA further excludes certain non-cash expenses and other transactions that management believes are not indicative of our ongoing operating performance. EBITDA and Adjusted EBITDA, as defined, exclude some but not all items that affect our cash flow from operating activities, as a result, they may not be comparable to similarly titled performance measures presented by other companies. EBITDA and Adjusted EBITDA margins are calculated as EBITDA and Adjusted EBITDA, respectively, divided by total revenue expressed as a percentage.

We use these metrics to measure our performance from period to period both at the consolidated level as well as within our operating segments, to evaluate and fund incentive compensation programs and to compare our results to those of our competitors. In addition to Adjusted EBITDA being a significant measure of performance for management purposes, we also believe that this presentation provides useful information to investors regarding financial and business trends related to our results of operations and that when non-GAAP financial information is viewed with GAAP financial information, investors are provided with a more meaningful understanding of our ongoing operating performance. EBITDA and Adjusted EBITDA have certain limitations as analytical tools and should not be used as substitutes for net (loss) income, cash flows from operations, or other consolidated income or cash flow data prepared in accordance with GAAP.

Free Cash Flow

We define "**Free Cash Flow**" as cash flow from operations less capital expenditures.

Adjusted Net Income

We define "**Adjusted Net Income**" as net (loss) income adjusted to exclude amortization of intangibles and certain non-cash or non-recurring expenses.

Adjusted EPS

We define "**Adjusted EPS**" as Adjusted Net Income divided by the diluted weighted average shares for the period.

Earnings Overview

Verra Mobility Q2 Earnings Presentation
For the Quarter Ended June 30, 2020

Forward-looking statements

This presentation includes "forward-looking statements" within the meaning of the "safe harbor" provisions of the United States Private Securities Litigation Reform Act of 1995. Forward-looking statements may be identified by the use of words such as "forecast," "intend," "seek," "target," "anticipate," "believe," "expect," "estimate," "plan," "outlook," and "project" and other similar expressions that predict or indicate future events or trends or that are not statements of historical matters. Such forward-looking statements include projected financial information.

Such forward-looking statements include projected financial information. Such forward-looking statements with respect to revenues, earnings, performance, strategies, prospects and other aspects of the business of Verra Mobility Corporation and its subsidiaries (collectively, "Verra Mobility") are based on current expectations that are subject to risks and uncertainties.

A number of factors could cause actual results or outcomes to differ materially from those indicated by such forward-looking statements. These factors include, but are not limited to: (1) the disruption to our business and results of operations as a result of the COVID-19 pandemic; (2) the impact of the COVID-19 pandemic on our revenues from key customers in the rental car industry and from photo enforcement programs; (3) customer concentration in our Commercial Services and Government Solutions segments; (4) decreases in the prevalence of automated photo enforcement or the use of tolling; (5) risks and uncertainties related to our government contracts, including but not limited to termination rights, audits and investigations; (6) decreased interest in outsourcing from our customers; (7) our ability to properly perform under our contracts and otherwise satisfy our customers; (8) our ability to compete in a highly competitive and rapidly evolving market; (9) our ability to keep up with technological developments and changing customer preferences; (10) the success of our new products and changes to existing products and services; (11) our ability to successfully integrate our recent or future acquisitions; (12) failures in or breaches of our networks or systems, including as a result of cyber-attacks; and (13) other risks and uncertainties indicated from time to time in documents filed or to be filed with the Securities and Exchange Commission (the "SEC") by Verra Mobility.

You are cautioned not to place undue reliance upon any forward-looking statements, including the projections, which speak only as of the date made. Verra Mobility does not undertake any commitment to update or revise the forward-looking statements, whether as a result of new information, future events or otherwise.

Non-GAAP Financial Information

This presentation uses certain non-GAAP financial information, including earnings before interest, taxes, depreciation and amortization ("EBITDA") and adjusted EBITDA, which further excludes certain non-cash expenses, loss on extinguishment of debt and other transactions management believes are not indicative of Verra Mobility's business.

Verra Mobility believes that these non-GAAP measures of financial results provide useful information to management and investors regarding certain financial and business trends relating to Verra Mobility's financial condition and results of operations. These financial measures are not recognized measures under GAAP and they are not intended to be and should not be considered in isolation or as a substitute for, or superior to, the financial information prepared and presented in accordance with GAAP. EBITDA, adjusted EBITDA and adjusted EBITDA margin are non-GAAP financial measures as defined by SEC rules. This non-GAAP financial information may be determined or calculated differently by other companies. A reconciliation of Verra Mobility's non-GAAP financial information to GAAP financial information is provided in the Appendix hereto and in Verra Mobility's Form 8-K, filed with the SEC, with the earnings press release for the period indicated.

Commercial Services Commentary

- Revenue of \$27.3M in Q2 decreased 59.9% from the same quarter in the prior year
- Adjusted EBITDA of \$7.3M in the quarter decreased \$36.9M or 83.5% from the same period of the prior year
- The CS segment is closely tied to the rental car industry and saw impacts in Q2 due to reduced demand resulting from Covid-19
 - Avis Budget Group issued a press release on July 31, 2020 in which they indicated that their YoY revenue declined 78% in April and 59% in June
 - Our CS business segment outperformed these trends with 64% down in April and 50% down in June
- Operating expenses of \$10.8M in Q2 2020 decreased by \$6.0M or 35.7% from the same period in the prior year, reflecting the cost out measures taken in response to the Covid-19 impact on revenue
- SG&A of \$10.2M for Q2 2020 increased by \$600K over the same period in the prior year. CS reduced SG&A expenses by \$2.3M through cost cutting initiatives. These savings were offset by charges to credit loss expense of \$4.3M (increasing \$2.9M QoQ) primarily associated with the Hertz Bankruptcy

Government Solutions Commentary

- Revenue of \$52.5M in Q2 increased 26.6% from the same quarter in the prior year
- Product revenue grew \$10.5M driven by camera sales to a large municipality. During the same period Service Revenue improved by \$0.6M
- Adjusted EBITDA of \$20.3M in the quarter improved \$4.8M or 30.6% from the same period of the prior year. The increase was the result of improved product sales in the quarter

Q2 Commentary

- Total revenue decreased by \$29.8 million to \$79.8 million in Q2 2020 from \$109.6 million in Q2 2019
- Adjusted EBITDA of \$27.6 million, reduced from \$59.7 million in the same quarter of 2019
- Generated cash flow from operations of \$7.7 million in Q2 2020 and had cash on hand of \$113.2 million at quarter end.
- Leverage increased after a decrease in EBITDA and continued strong cash flow generation
- The company has First Lien debt which matures in 2025 and a \$75M revolver that is undrawn
- We believe that cash from operations and cash on hand will be sufficient to run the company for the next 12 months and beyond

Investor Overview

Verra Mobility Q2 Investor Presentation
For the Quarter Ended June 30, 2020

Forward-looking statements

This presentation includes "forward-looking statements" within the meaning of the "safe harbor" provisions of the United States Private Securities Litigation Reform Act of 1995. Forward-looking statements may be identified by the use of words such as "forecast," "intend," "seek," "target," "anticipate," "believe," "expect," "estimate," "plan," "outlook," and "project" and other similar expressions that predict or indicate future events or trends or that are not statements of historical matters.

Such forward-looking statements include projected financial information. Such forward-looking statements with respect to revenues, earnings, performance, strategies, prospects and other aspects of the business of Verra Mobility Corporation and its subsidiaries (collectively, "Verra Mobility") are based on current expectations that are subject to risks and uncertainties.

A number of factors could cause actual results or outcomes to differ materially from those indicated by such forward-looking statements. These factors include, but are not limited to: (1) the disruption to our business and results of operations as a result of the COVID-19 pandemic; (2) the impact of the COVID-19 pandemic on our revenues from key customers in the rental car industry and from photo enforcement programs; (3) customer concentration in our Commercial Services and Government Solutions segments; (4) decreases in the prevalence of automated photo enforcement or the use of tolling; (5) risks and uncertainties related to our government contracts, including but not limited to termination rights, audits and investigations; (6) decreased interest in outsourcing from our customers; (7) our ability to properly perform under our contracts and otherwise satisfy our customers; (8) our ability to compete in a highly competitive and rapidly evolving market; (9) our ability to keep up with technological developments and changing customer preferences; (10) the success of our new products and changes to existing products and services; (11) our ability to successfully integrate our recent or future acquisitions; (12) failures in or breaches of our networks or systems, including as a result of cyber-attacks; and (13) other risks and uncertainties indicated from time to time in documents filed or to be filed with the Securities and Exchange Commission (the "SEC") by Verra Mobility.

You are cautioned not to place undue reliance upon any forward-looking statements, including the projections, which speak only as of the date made. Verra Mobility does not undertake any commitment to update or revise the forward-looking statements, whether as a result of new information, future events or otherwise.

Use of Non-GAAP Financial Measures

This presentation includes non-GAAP financial measures, including earnings before interest, taxes, depreciation and amortization ("EBITDA"), Pro Forma Adjusted EBITDA, Free Cash Flow, Free Cash Flow Margin and Pro Forma Adjusted Revenue. Pro Forma Adjusted EBITDA is defined as EBITDA, as adjusted as described in this presentation for historical costs and estimated cost savings and synergies. Free Cash Flow is defined as EBITDA minus capital expenditures and Free Cash Flow Margin is defined as Free Cash Flow divided by revenue. Pro Forma Adjusted Revenue adjusts revenue for non-cash amortization of contract incentive and certain pre-acquisition results. You can find the reconciliation of these measures to the nearest comparable GAAP measures elsewhere in this presentation.

Verra Mobility believes that these non-GAAP measures of financial results provide useful information to management and investors regarding certain financial and business trends relating to Verra Mobility's financial condition and results of operations. Verra Mobility's management uses these non-GAAP measures to compare Verra Mobility's performance to that of prior periods for trend analyses, for purposes of determining management incentive compensation, and for budgeting and planning purposes. These measures are used in monthly financial reports prepared for management and Verra Mobility's board of directors. Verra Mobility believes that the use of these non-GAAP financial measures provides an additional tool for investors to use in evaluating ongoing operating results and trends. Management of Verra Mobility does not consider these non-GAAP measures in isolation or as an alternative to financial measures determined in accordance with GAAP.

Other companies may calculate non-GAAP measures differently, and therefore the non-GAAP measures of Verra Mobility included in this presentation may not be directly comparable to similarly titled measures of other companies.

Verra Mobility

Who we are

SAFE. SMART. CONNECTED.

A global leader in smart transportation, we work alongside our customers to relentlessly develop customized technology solutions to solve complex transportation challenges.

Building safer cities
by installing, maintaining and managing leading technology that positively impacts driver behavior and enhances road safety.

Enabling smarter roadways
by providing the integrated technology to help rental car companies and large fleet operators manage tolls, violations, and vehicle title and registrations.

Developing more connected systems
by seamlessly connecting people, technology and data across the smart mobility ecosystem.

As mobility becomes more complex, connected and automated, Verra Mobility works behind the scenes to help make transportation safer and easier.

We operate in two business segments

Why invest in Verra Mobility?

Leadership, business model and strong financial performance

A market leader with highly differentiated platforms

- Leading provider of road safety cameras in the U.S.
- Leading provider of toll and violation management to rental car and fleet management companies in U.S.

Contracted, reoccurring revenue business model

- Contracts with the three largest U.S. rental car companies
- Large install base = reoccurring revenue

Proven financial performance

- Solid financial results with robust margins
- Historically strong free cash flow conversion
- CAGR for services over past three years = 10%

Platform for future growth

- European expansion
- M&A

Proven financial performance

Strong revenue and profitability create beneficial cash flow

Highly Recurring Revenue

Net-Debt Leverage Ratio

Strong Pro Forma Revenue

Expanding Pro Forma EBITDA and Margins

Basis of Presentation: Verra Mobility made two acquisitions early in 2018; the data presented has been adjusted as if the acquisitions were included in the results for all periods. The unadjusted and adjusted pro forma results of operations are included in the appendix to this presentation. All pro forma adjustments are in the commercial services segment.

Future growth

Verra Mobility has multiple levers for sustained growth

1

Benefit from Strong Industry Tailwind

- Further migration to cashless and all-electronic tolling
 - Intensified public attention given to traffic safety issues for drivers, pedestrians, bicyclists and law enforcement
-

2

Expand Mobility Platform

- Leverage existing capabilities to further penetrate ride and car sharing markets
 - Collaborate with OEM's to connect directly to vehicles electronically, including autonomous vehicles
-

3

Expand Globally

- European Tolling & Violations has a large addressable market
 - Natural extension of existing products to European fleet vehicles with existing Verra Mobility customers
-

4

Pursue Accretive Acquisitions

- Increase competitive positioning and strengthen portfolio with highly strategic acquisitions
 - Create value through successful integration and synergy realization
-

M&A Principles

Evaluation Criteria

1 Strategic Fit

- Connect all activities to Verra Mobility's strategy
- Find opportunities where Verra Mobility's and the target's assets, when combined, can create unique value

2 Financial Discipline

- Protect Verra Mobility's capital: seek returns above the cost of capital required for the deal

3 Integration Focus

- Establish close partnership with the broader organization
- Ensure cultural fit and change management discipline
- Establish processes for short and long-term execution and accountability

4 Programmatic Process

- Develop a robust and replicable process to identify, execute, and integrate firms into Verra Mobility

5 Discovery Mindset

- Cultivate a mindset of discovery; seek to uncover asymmetric information
- Generate a robust pipeline of potential deals through research, networks, internal contacts, etc.
- Strong views, weakly held
