81-3563824

(I.R.S. Employer Identification No.)

9800 Wilshire Blvd.

Beverly Hills, CA

(Address of principal executive offices)

90212

(Zip Code)

(310) 209-3010

(Registrant's telephone number, including area code)

Not Applicable

(Former name or former address, if changed since last report)

Check the appropriate box below if the Form 8-K is intended to simultaneously satisfy the filing obligation of the registrant under any of the following provisions:

- Written communication pursuant to Rule 425 under the Securities Act (17 CFR 230.425)
- Soliciting material pursuant to Rule 14a-12 under the Exchange Act (17 CFR 240.14a-12)
- Pre-commencement communications pursuant to Rule 14d-2(b) under the Exchange Act (17 CFR 240.14d-2(b))
- Pre-commencements communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))
- Indicate by check mark whether the registrant is an emerging growth company as defined in Rule 405 of the Securities Act of 1933 (§230.405 of this chapter) or Rule 12b-2 of the Securities Exchange Act of 1934 (§240.12b-2 of this chapter).
- If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.

Item 7.01 Regulation FD Disclosure

Attached as Exhibit 99.1 to this Current Report and incorporated into this Item 7.01 by reference is the investor presentation dated July 24, 2018 that will be used by Gores Holdings II, Inc. (the "Company") in making presentations to certain existing and potential stockholders of the Company with respect to the transactions contemplated by that certain Agreement and Plan of Merger, dated as of June 21, 2018 (the "Merger Agreement"), entered into by the Company, Greenlight Holding II Corporation ("Greenlight") and the other parties thereto.

The information in this Current Report and Exhibit 99.1 attached hereto is being furnished pursuant to Item 7.01 and shall not be deemed to be "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), or otherwise be subject to the liabilities of that section, nor shall it be deemed to be incorporated by reference in any filing under the Securities Act of 1933, as amended, or the Exchange Act, regardless of any general incorporation language in such filings. This Current Report will not be deemed an admission as to the materiality of any of the information in this Item 7.01, including Exhibit 99.1.

Additional Information about the Transactions and Where to Find It

On July 12, 2018, the Company filed with the Securities and Exchange Commission (“SEC”) a preliminary proxy statement in connection with the proposed transactions contemplated by the Merger Agreement. When available, the Company will mail a definitive proxy statement and other relevant documents to its stockholders. The definitive proxy statement will contain important information about the proposed transactions contemplated by the Merger Agreement and the other matters to be voted upon at a meeting of stockholders to be held to approve the proposed transactions contemplated by the Merger Agreement and other matters (the “Special Meeting”) and is not intended to provide the basis for any investment decision or any other decision in respect of such matters. **Company stockholders and other interested persons are advised to read, when available, the preliminary proxy statement, the amendments thereto, and the definitive proxy statement in connection with the Company’s solicitation of proxies for the Special Meeting because the proxy statement will contain important information about the proposed transactions. When available, the definitive proxy statement will be mailed to Company stockholders as of a record date to be established for voting on the proposed transactions contemplated by the Merger Agreement and the other matters to be voted upon at the Special Meeting. Company stockholders will also be able to obtain copies of the proxy statement, without charge, once available, at the SEC’s website at www.sec.gov or by directing a request to: Gores Holdings II, Inc., 9800 Wilshire Boulevard, Beverly Hills, CA 90212, attention: Jennifer Kwon Chou (email: jchou@gores.com).**

Participants in Solicitation

The Company and its directors and officers may be deemed participants in the solicitation of proxies of Company stockholders in connection with the proposed transactions. **Company stockholders and other interested persons may obtain, without charge, more detailed information regarding the directors and officers of the Company in the Company’s Annual**

2

Report on Form 10-K for the fiscal year ended December 31, 2017, which was filed with the SEC on March 14, 2018. Information regarding the persons who may, under SEC rules, be deemed participants in the solicitation of proxies to Company stockholders in connection with the proposed transactions contemplated by the Merger Agreement and other matters to be voted upon at the Special Meeting will be set forth in the definitive proxy statement for the proposed transactions when available. Additional information regarding the interests of participants in the solicitation of proxies in connection with the proposed transactions will be included in the proxy statement that the Company intends to file with the SEC.

Forward Looking Statements

This Current Report may contain a number of “forward-looking statements” as defined in the Private Securities Litigation Reform Act of 1995. Forward-looking statements include information concerning the Company’s or Greenlight’s possible or assumed future results of operations, business strategies, debt levels, competitive position, industry environment, potential growth opportunities and the effects of regulation, including whether this transaction will generate returns for stockholders. These forward-looking statements are based on the Company’s or Greenlight’s management’s current expectations, estimates, projections and beliefs, as well as a number of assumptions concerning future events. When used in this press release, the words “estimates,” “projected,” “expects,” “anticipates,” “forecasts,” “plans,” “intends,” “believes,” “seeks,” “may,” “will,” “should,” “future,” “propose” and variations of these words or similar expressions (or the negative versions of such words or expressions) are intended to identify forward-looking statements.

These forward-looking statements are not guarantees of future performance, conditions or results, and involve a number of known and unknown risks, uncertainties, assumptions and other important factors, many of which are outside the Company’s or Greenlight’s management’s control, that could cause actual results to differ materially from the results discussed in the forward-looking statements. These risks, uncertainties, assumptions and other important factors include, but are not limited to: (a) the occurrence of any event, change or other circumstances that could give rise to the termination of the Merger Agreement and the proposed transactions contemplated thereby; (b) the inability to complete the transactions contemplated by the Merger Agreement due to the failure to obtain approval of the stockholders of the Company or other conditions to closing in the Merger Agreement; (c) the ability to meet Nasdaq’s listing standards following the consummation of the transactions contemplated by the Merger Agreement; (d) the inability to complete the private placement of Class A common stock of the Company as contemplated by the Merger Agreement; (e) the risk that the proposed transactions disrupt current plans and operations of Greenlight or its subsidiaries as a result of the announcement and consummation of the transactions described herein; (f) the ability to recognize the anticipated benefits of the proposed transactions, which may be affected by, among other things, competition, the ability of the combined company to grow and manage growth profitably, maintain relationships with customers and suppliers and retain its management and key employees; (g) costs related to the proposed transactions; (h) changes in applicable laws or regulations; (i) the possibility that Greenlight may be adversely affected by other economic, business, and/or competitive factors; and (j) other risks and uncertainties indicated from time to time in the final prospectus of the Company, including those under “Risk Factors” therein, and

3

other documents filed or to be filed with the SEC by the Company. You are cautioned not to place undue reliance upon any forward-looking statements, which speak only as of the date made. The Company and Greenlight undertake no commitment to update or revise the forward-looking statements, whether as a result of new information, future events or otherwise.

Forward-looking statements included in this Current Report speak only as of the date of this Current Report. Neither the Company nor Greenlight undertakes any obligation to update its forward-looking statements to reflect events or circumstances after the date of this release. Additional risks and uncertainties are identified and discussed in the Company’s reports filed with the SEC and available at the SEC’s website at www.sec.gov.

Disclaimer

This communication is for informational purposes only and shall not constitute an offer to sell or the solicitation of an offer to buy any securities pursuant to the proposed transactions or otherwise, nor shall there be any sale of securities in any jurisdiction in which the offer, solicitation or sale would be unlawful prior to the registration or qualification under the securities laws of any such jurisdiction. No offer of securities shall be made except by means of a prospectus meeting the requirements of Section 10 of the Securities Act.

Gores Holdings II Verra Mobility Investor Presentation

July 2018

DISCLAIMER

Confidentiality

The information in this presentation is highly confidential. The distribution of this presentation by an authorized recipient to any other person is unauthorized. Any photocopying, disclosure, reproduction or alteration of the contents of this presentation and any forwarding of a copy of this presentation or any portion of this presentation to any person is prohibited. The recipient of this presentation shall keep this presentation and its contents confidential, shall not use this presentation and its contents for any purpose other than as expressly authorized by Gores Holdings II, Inc. ("Gores") and Verra Mobility Corporation ("Verra Mobility") and shall be required to return or destroy all copies of this presentation or portions thereof in its possession promptly following request for the return or destruction of such copies. By accepting delivery of this presentation, the recipient is deemed to agree to the foregoing confidentiality requirements.

Use of Projections

This presentation contains financial forecasts with respect to Verra Mobility's projected Pro Forma Adjusted Revenue, Free Cash Flow, EBITDA and Pro Forma Adjusted EBITDA for Verra Mobility's fiscal years 2018 through 2020. Neither Gores' independent auditors, nor the independent registered public accounting firm of Verra Mobility, audited, reviewed, compiled, or performed any procedures with respect to the projections for the purpose of their inclusion in this presentation, and accordingly, neither of them expressed an opinion or provided any other form of assurance with respect thereto for the purpose of this presentation. These projections should not be relied upon as being necessarily indicative of future results.

In this presentation, certain of the above-mentioned projected information has been repeated (in each case, with an indication that the information is an estimate and is subject to the qualifications presented herein), for purposes of providing comparisons with historical data. The assumptions and estimates underlying the prospective financial information are inherently uncertain and are subject to a wide variety of significant business, economic and competitive risks and uncertainties that could cause actual results to differ materially from those contained in the prospective financial information. Accordingly, there can be no assurance that the prospective results are indicative of the future performance of Gores or Verra Mobility or that actual results will not differ materially from those presented in the prospective financial information. Inclusion of the prospective financial information in this presentation should not be regarded as a representation by any person that the results contained in the prospective financial information will be achieved.

Forward Looking Statements

This presentation includes "forward looking statements" within the meaning of the "safe harbor" provisions of the United States Private Securities Litigation Reform Act of 1995. Forward-looking statements may be identified by the use of words such as "forecast," "intend," "seek," "target," "anticipate," "believe," "expect," "estimate," "plan," "outlook," and "project" and other similar expressions that predict or indicate future events or trends or that are not statements of historical matters. Such forward looking statements include projected financial information. Such forward looking statements with respect to revenues, earnings, performance, strategies, prospects and other aspects of the businesses of Gores, Verra Mobility or the combined company after completion of any proposed business combination are based on current expectations that are subject to risks and uncertainties. A number of factors could cause actual results or outcomes to differ materially from those indicated by such forward looking statements. These factors include, but are not limited to: (1) the inability to complete the transactions contemplated by the proposed business combination; (2) the inability to recognize the anticipated benefits of the proposed business combination, which may be affected by, among other things, competition, and the ability of the combined business to grow and manage growth profitably; (3) costs related to the proposed business combination; (4) changes in applicable laws or regulations; (5) the possibility that Verra Mobility or Gores may be adversely affected by other economic, business, and/or competitive factors; and (6) other risks and uncertainties indicated from time to time in the final prospectus of Gores, including those under "Risk Factors" therein, and other documents filed or to be filed with the Securities and Exchange Commission (the "SEC") by Gores. You are cautioned not to place undue reliance upon any forward-looking statements, including the projections, which speak only as of the date made. Neither Gores nor Verra Mobility undertake any commitment to update or revise the forward-looking statements, whether as a result of new information, future events or otherwise.

Industry and Market Data

In this presentation, Verra Mobility relies on and refers to information and statistics regarding market shares in the sectors in which it competes and other industry data. Verra Mobility obtained this information and statistics from third-party sources, including reports by market research firms. Verra Mobility has supplemented this information where necessary with information from discussions with Verra Mobility customers and its own internal estimates, taking into account publicly available information about other industry participants and Verra Mobility's management's best view as to information that is not publicly available.

Use of Non-GAAP Financial Measures

This presentation includes non-GAAP financial measures, including earnings before interest, taxes, depreciation and amortization ("EBITDA"), Pro Forma Adjusted EBITDA, Free Cash Flow, Free Cash Flow Margin and Pro Forma Adjusted Revenue. Pro Forma Adjusted EBITDA is defined as EBITDA, as adjusted as described in this presentation for historical costs and estimated cost savings and synergies. Free Cash Flow is defined as EBITDA minus capital expenditures and Free Cash Flow Margin is defined as Free Cash Flow divided by revenue. Pro Forma Adjusted Revenue adjusts revenue for non-cash amortization of contract incentive and certain pre-acquisition results. You can find the reconciliation of these measures to the nearest comparable GAAP measures elsewhere in this presentation.

Verra Mobility believes that these non-GAAP measures of financial results provide useful information to management and investors regarding certain financial and business trends relating to Verra Mobility's financial condition and results of operations. Verra Mobility's management uses these non-GAAP measures to compare Verra Mobility's performance to that of prior periods for trend analyses, for purposes of determining management incentive compensation, and for budgeting and planning purposes. These measures are used in monthly financial reports prepared for management and Verra Mobility's board of directors. Verra Mobility believes that the use of these non-GAAP financial measures provides an additional tool for investors to use in evaluating ongoing operating results and trends. Management of Verra Mobility does not consider these non-GAAP measures in isolation or as an alternative to financial measures determined in accordance with GAAP.

Other companies may calculate non-GAAP measures differently, and therefore the non-GAAP measures of Verra Mobility included in this presentation may not be directly comparable to similarly titled measures of other companies.

Additional Information

In connection with the proposed Business Combination between Verra Mobility and Gores, Gores intends to file with the SEC a preliminary proxy statement and will mail a definitive proxy statement and other relevant documentation to Gores stockholders. This Investor Presentation does not contain all the information that should be considered concerning the proposed Business Combination. It is not intended to form the basis of any investment decision or any other decision in connection with Gores' solicitation of proxies for the special meeting to be held to approve the transactions contemplated by the proposed Business Combination because these materials will contain important information about Verra Mobility, Gores and the proposed transactions. The definitive proxy statement will be mailed to Gores stockholders as of a record date to be established for voting on the proposed Business Combination when it becomes available. Stockholders will also be able to obtain a copy of the preliminary proxy statement and definitive proxy statement once they are available, without charge, at the SEC's website at <http://sec.gov> or by directing a request to: Gores Holdings II, Inc., c/o The Gores Group LLC, 9800 Wilshire Boulevard, Beverly Hills, CA 90212, attention: Jennifer Kwon Chou (jchou@ggores.com).

This Investor Presentation shall not constitute a solicitation of a proxy, consent or authorization with respect to any securities or in respect of the proposed Business Combination.

Participants in the Solicitation

Gores and its directors and officers may be deemed participants in the solicitation of proxies of Gores stockholders in connection with the proposed business combination. Gores stockholders and other interested persons may obtain, without charge, more detailed information regarding the directors and officers of Gores in Gores' Annual Report on Form 10-K for the fiscal year ended December 31, 2017, which was filed with the SEC on March 14, 2018. Information regarding the persons who may, under SEC rules, be deemed participants in the solicitation of proxies to Gores stockholders in connection with the proposed transaction will be set forth in the proxy statement for the transaction when available. Additional information regarding the interests of participants in the solicitation of proxies in connection with the proposed transaction will be included in the proxy statement that Gores intends to file with the SEC.

PRESENTERS AND SENIOR LEADERSHIP

Verra Mobility

David Roberts
CEO, President

2 SUSTAINABLE COMPETITIVE ADVANTAGE IN THE MARKETPLACE

Competitive Advantage

- ✓ **Superior scale**
 - Manages more than 6mm vehicles for the largest rental car and fleet management companies
 - Processes more than ~165 million toll transactions annually
 - Have 4,000 cameras installed across 200 jurisdictions and school districts
- ✓ **Superior service, contribution and integration with customers**
 - Simplify transaction processing for customers with the 50+ Tolling Authorities and 400 Issuing Authorities
 - Government and commercial customers depend on Verra Mobility's substantial revenue contribution
 - For most customers, Verra Mobility is highly integrated with their systems and provide end-to-end solutions, which limit their dedicated support resources
- ✓ **Broadest product portfolio**
 - CrossingGuard, Speed, Bus Lane, Red Light, Tolling, Violations, Title and Registration, Consumer (aka "Peasy")
- ✓ **Strong patent portfolio and proprietary technologies**
 - All-inclusive pricing, transponder shield box, video speed detection and patents pending related to consumer toll products (aka "Peasy") and hand-held speed photo enforcement technology
- ✓ **Regulatory and legislative expertise**

Verra Mobility is Critical to the Ecosystem

Verra Mobility Brings Value to its Customers Through a Unique Combination of Technology, People and Process Expertise

3 CONTRACTED RECURRING REVENUE BUSINESS MODEL

Commentary

Contracted Recurring Revenue Model

- Large installed base provides recurring revenue
- Multiple year contracts with core customers
- High retention rate of 97% of cameras for Safety Automations
- Approximately 80% of revenue is contracted through 2020 and beyond⁽¹⁾
- Verra Mobility has contracts with the three largest U.S. RAC's
 - Two of the three contracts expire in 2021 and the other is not due to expire until 2024

Attractive Unit Economics

- Average annual revenue per red light camera of +\$46,200 and +\$53,000 per speed camera unit
- Safety camera payback period of <18 months
- On average, Verra Mobility generates between \$7.40 and \$9.00 of revenue per rental agreement through multiple attractive pricing models

Recurring Revenue Profile

Total

2018E visibility: 97.9%

Tolling & Fleet

2018E visibility: 96.8%

Safety Automations

2018E visibility: 99.5%

VERRA MOBILITY

⁽¹⁾ Based on 2017 service revenue and contract terms as of December 31, 2017. Note: two safety contracts have been recently extended past 2020 and are awaiting execution.

4 STRONG REVENUE GROWTH AND ROBUST MARGINS

Commentary

Consistent Revenue Growth

- The Company has grown services revenue at near double digits the past few years
- Expectation is for continued high single digit growth
- With a stronger product offering today vs. two years ago, Verra Mobility feels confident in its ability to capture additional market share

Expanding Margins

- Scalable technology platform provides operating efficiencies
- Pro forma margin profile improvement driven by growth in tolling segment

Strong Cash Flow Generation

- Declining camera costs align with the trend in consumer electronics
- Minimal incremental capital expenditure spend as a result of the acquisitions drives increase in FCF conversion

VERRA MOBILITY

(1) Free Cash Flow defined as (Pro Forma Adjusted EBITDA – CapEx).

Financial Profile

- Over 18 years of experience in the fleet industry
- Recently President and COO of CEI leading a team of nearly 240 responsible for the management of 600,000 fleet vehicles and 118,000 drivers subscribed to CEI's DriverCare™ solution
- Joined Verra Mobility in 2014
- Began his career at PricewaterhouseCoopers

Jim Goetz,
Chief Information Officer

- Over 30 year experience delivering industry-leading applications, advanced analytics, enterprise program management, scalable infrastructure, security, and large media storage capabilities
- Recently President and COO of Alta Resources and CIO and General Manager at Convergys Corporation

Rebecca Kozloff Collins,
General Counsel

- Former commercial litigator at Steptoe & Johnson
- Over 16 years of in-house legal experience at large, small, public and private companies (such as Motorola, General Dynamics, NJOY and Contractor Management Services), including roles as Chief Compliance Officer
- Extensive experience with M&A, class actions / litigation management, IP management, government relations & employment & labor law

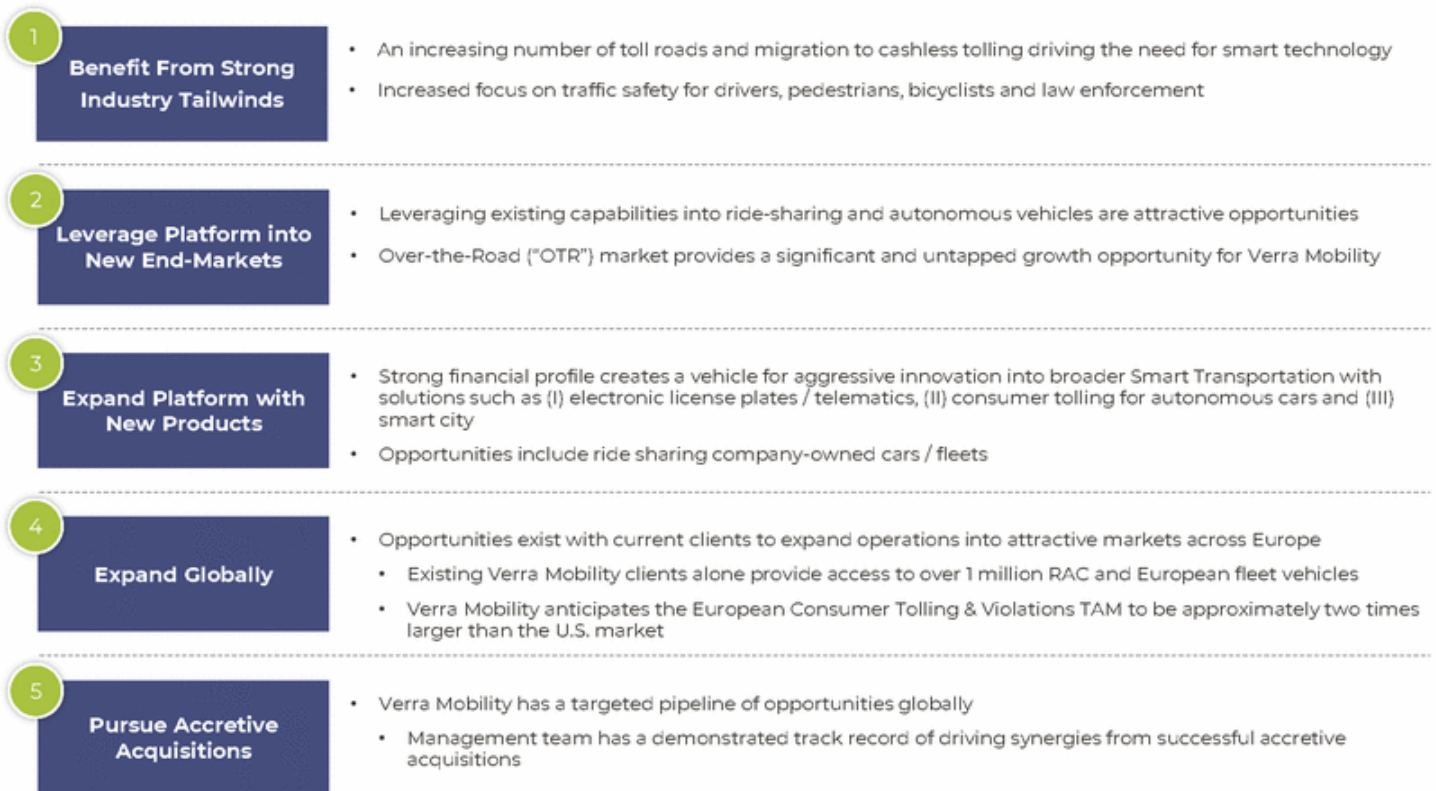

VERRA
MOBILITY

II. Growth Overview

VERRA MOBILITY HAS MULTIPLE LEVERS FOR SUSTAINED GROWTH

1 BENEFIT FROM STRONG INDUSTRY TAILWINDS – TOLLING SEGMENT

Tolling Industry at a Glance

<p>35</p> <p>U.S. states and territories with at least one tolled highway, bridge or tunnel (6,000+ miles of U.S. toll roads)</p>	<p>5.7bn</p> <p>Number of trips per year on tolled roads and crossings in the U.S.</p>	<p>\$14bn</p> <p>Capital investment over three years by the top 40 U.S. toll facilities operators</p>
--	---	--

Growth Drivers

Cashless Tolling	<ul style="list-style-type: none"> In the last 5 years, many toll roads have gone either partially or completely cashless In 2010, 29% of all toll revenues were collected in cash. However, in 2015, tolls collected in cash dropped to 18% In the last 5 years, tolling industry experienced a 76% increase in revenues from cashless toll transactions
Increase in Toll Roads	<ul style="list-style-type: none"> 2015-2020: Look for express lanes to lead the way mostly in high growth urban regions 2020-2025: Most remaining states start looking at interstate tolling 2025-2030: Look for a sizable increase in interstate tolling driven by funding need
Economic Factors	<ul style="list-style-type: none"> Infrastructure financing remains robust Private Public Partnerships encouraged by White House Government investment expected to lead to increased tolling and the introduction of interstate tolling Sustained low gas prices have remained a tailwind for the industry

Toll Revenue 2010 → 2015

Toll Revenue Could be \$65 – 70bn by 2030

1 BENEFIT FROM STRONG INDUSTRY TAILWINDS – SAFETY SEGMENT

Safety Industry at a Glance

<p>60% Successfully won 60% of its Safety RFPs in 2017</p>	<p>97% Camera retention rate in 2017 and 90%+ since 2012</p>	<p>>300 Cameras for red light, speed and school bus for which RFPs have been submitted</p>
---	---	--

Growth Drivers

Industry Trends	Verra Mobility Position	Market Growth Rates
<ul style="list-style-type: none"> Vehicle miles traveled, distracted driving & speed limits are increasing nationally Vision Zero adoption across most major U.S. cities is driving capital investment to make meaningful strides in traffic safety 	<ul style="list-style-type: none"> Distanced from competitors in key buying criteria – program performance and ethical track record Verra Mobility is exceeding market growth through share gains 	<ul style="list-style-type: none"> Red Light: Flat growth rate Speed: Low single digit growth rate Crossing Guard: Double digit growth rate

Pipeline

<p>Red Light Safety Cameras</p>		<ul style="list-style-type: none"> 32 near term targets / RFPs with total annual recurring revenue of ~\$18mm
<p>Speed Safety Cameras</p>		
<p>School Bus Stop Arm Safety Cameras</p>		

2 LEVERAGE PLATFORM INTO NEW END-MARKETS

New End-Markets

Ride-Sharing

- Opportunities include ride-sharing company-owned cars / fleets
- Verra Mobility would also be:
 - Insulated from market swings between ride-sharing and RACs
 - Providing the same valuable service to both car sharing and RACs

3m OTR Trucks in the U.S.

- OTR companies are typically independently managed with violation management typically performed in-house and Title and Registration handled by small third parties
- Verra Mobility is well positioned to expand into the OTR market given its core processing capabilities, existing technology offerings and leading market reputation
- The market is largely untapped and expected to remain stable; however, Toll Services has grown at double digits, per annum

Autonomous Vehicles

- Verra Mobility is currently working with several OEMs to directly connect to the vehicle electronically
- As an already established leader in North America, Verra Mobility could become a first mover in this market

Total Addressable Market

Smart City

- Urban enforcement and citation processing solutions would be a natural fit to Verra Mobility's core competencies
- The Smart Parking industry is forecasted to grow ~20% by 2019 in the U.S. and has no dominant players
- The Commercial Parking industry includes 3,000+ companies with combined annual revenue of ~\$8bn

3 EXPAND PLATFORM WITH NEW PRODUCTS

Consumer Tolling

Peasy

- Allows consumers to benefit from tolling coverage across most of the nation's toll roads
- Peasy is a universal tolling product for consumers, simplifying the complexity and hassle of tolling
- To be rolled out in late Q3 2018

Safety

Verra Mobility Street Safe

- A handheld speeding camera that enables officers to cite speeders directly from a handheld device
- Increases both officer productivity and safety
- Accelerated payback and returns, driven by lower capital investment
- Positioned for a fast path to market

Enroll Your Car Once, Use All The Tolls You Want

Verra Mobility Live View

- Provides real-time visual intelligence and post-incident analysis. Allows law enforcement to retrieve video to support crime-fighting and investigative efforts
- Can utilize Verra Mobility's existing camera base, but also provides opportunity to expand camera base with certain clients

Verra Mobility Continues to be an Industry Leader in Product and Service Development to Meet the Changing Needs of New and Existing Customers

4 EXPAND GLOBALLY

EPC Summary

Footprint

- Founded in 1988 with operations in London and Budapest
- 450 customers and only 38 employees
- Servicing customers in their contact center in 18 languages and 13 currencies
- Connected to 30 Vehicle Licensing Authorities (VLAs) and issuing to more than 130 countries

Competition

- There is no pan-European competitor; competition is primarily local collection agencies in specific countries or municipalities
- These competitors often lack the capabilities or technology to collect across the wide landscape of foreign contraveners (violators)

Opportunity in tolling

- RACs have all asked separately about capabilities to bring a tolling product to Europe (untapped market)

Opportunity in violations

- RACs have indicated their desire for a global provider for violations processing

Consumer market

- Verra Mobility is expanding into the consumer market in the U.S. using its Tolling, Title & Registration and Violations Platforms
- EPC opens up access to the European market for Verra Mobility's consumer offerings

5 PURSUE ACCRETIVE ACQUISITIONS ACROSS EXISTING AND NEW MARKETS

Targeted Segments for M&A

Verra Mobility has recently executed on three transactions including Sunshine (2016), HTA (2018) and EPC (2018)

Safety / Fleet	8 targets
Title and Registration	4 targets
Smart City and Connected Car	5 targets
Parking	8 targets
Other	9 targets

Acquisition Criteria

Verra Mobility is constantly evaluating potential future M&A opportunities, which are evaluated based on strategic impact including:

Management has identified 34 potential acquisition opportunities

Management has a Strong Track Record in Executing M&A, Integrating Acquisitions and Driving Synergies

VERRA
MOBILITY

III. Projections

VERRA MOBILITY HAS DEMONSTRATED CONSISTENT HIGH-MARGIN REVENUE GROWTH WITH SIGNIFICANT FCF GENERATION

Commentary

- ✔ **Transaction processing-based** business model with high recurring revenue of 97% and 97% cameras retained upon renewal
- ✔ **Attractive revenue model** of 7 – 9% organic growth plus consistent acquisition track record
- ✔ **Growth** driven by greater penetration, strong industry tailwinds, new customer wins, growing pipeline and improving margins
- ✔ **Diversified solutions** platform between Safety and Fleet businesses
- ✔ **Displacing competitors** in competing areas of importance
- ✔ **Global outlook** to explore opportunities in Europe, Brazil and Asia

Total adjustments	4.3	5.0	10.7
Adjusted EBITDA	\$53.7	\$67.4	\$80.9

VERRA MOBILITY

Adjustment Detail	
A	Seller expenses related to legal, M&A, travel, entertainment and non-business activities
B	Add-back for the cash-to-GAAP adjustment for a \$6 million incentive payment to a RAC in 4Q 2017. Should be capitalized, but flows through to the P&L in the HTA's accounting cash-based system
C	Non-cash gain / loss the sale of cameras
D	HTA's toll funding is charged on a credit card and the cash points are given to the seller for personal expenses. Following the acquisition by HTA, the cash rewards will be given to the Company, consistent with Verra Mobility's current practice
E	HTA has never capitalized internal labor related to software development, despite significant personnel investment in such. Pro forma estimate to conform to Verra Mobility's accounting going forward
F	Includes adjustments for items such as a new tag vendor deposit, customer billing correction, a change in merchant processing fees and credit card processing rebates

ADJ. EBITDA RECONCILIATION – EPC
